

20 December 2021

Dear Arizona Sunshine volunteers, sponsors, and participants:

Please accept our regrets for this late notice of the postponement of our Arizona Sunshine event in Sedona. As of this evening (12/20/21) we have determined to move the Sedona Arizona Sunshine event out into early 2022. We are informing you as quickly as we can to allow you to make appropriate adjustments to your plans.

This decision did not come easily: we had hoped to be able to work through all obstacles as they arose. Please know that the health and safety of all our participants and guests is our top priority. Because of this, with guidance from the Yavapai County Health Department and medical providers concerning the current COVID situation, we consider the risk to our volunteers and guests is too great.

We appreciate your willingness to be an important part of Arizona Sunshine and thank you for your patience with this delay. We are already working on rescheduling Arizona Sunshine – Sedona by Spring 2022, and will update you as soon as dates are set. We look forward to another safe and successful event as we have had in our past events!

In keeping with the season, we wish each of you and your loved ones a joyous, healthy holiday and a time of refreshing in the upcoming New Year.

Sincerely,

Your Arizona Sunshine – Sedona Team
